SPECIFICATION

The Slot.it Audi R8C 1/32 model slot car is a race thoroughbred, but it is an accurate reproduction of the car and its history, through six different liveries, portraying its various development steps. Moulds parts are changed accordingly, reproducing rear mirrors, front wing, and air intakes to match the specific model. On the track, the lightweight

The Audi R8C made its first, and only, race appearance at Le Mans in 1999. Unveiled only three weeks before qualifying, designed by Tony Southgate, it is surely one of the most beautiful racing cars ever seen at Le Mans. It featured a carbon fibre chassis and body, a 3600 cc turbo powered engine, and a 6 speed sequential gearbox. Both cars retired during the race, due to gearbox problems.

body and chassis, together with the parts that made Slot.it the racer's choice worldwide, combine to offer exceptional performance and reliability. The modular HRS type motor mount allows three different motor configurations: choose between the inline, can or endbell drive, for V12/2 motors, or the Boxer type motor mount.
