

Product code: CH60b

Description: Anglewinder motor mount 0.5 mm offset Boxer/Flat – EVO6 - HARD

New product / replacement: new

- This motor chassis completes the series of anglewinder, EVO6, 'hard' supports, which also includes the CH61 and the forthcoming CH82.
- 'Hard' type chassis are suitable for high torque motors to avoid the vibrations that such kind of motors induce on softer supports.
- Offset: 0.5 mm; colour: dark grey.
